

The Astronauts Memorial Foundation

*Stephen Feldman, Ph.D.
President and CEO*

March 13, 2006

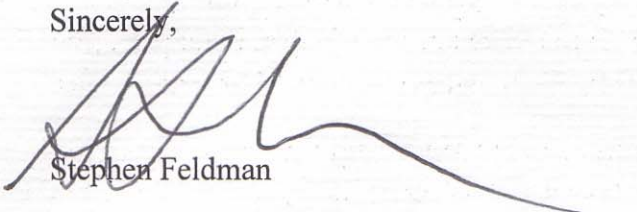

Mrs. Cathy Cowell
Mainland High School
125 South Clyde Morris Blvd.
Daytona Beach, FL 32114

Dear Mrs. Cowell:

I want to congratulate you and your school for being one of the top five semi-finalists for the 2006 Alan Shepard Technology in Education Award, sponsored by The Astronauts Memorial Foundation (AMF), NASA, and Space Foundation. The Award recognizes outstanding contributions made by technology personnel or classroom teachers to technology education. The purpose of this Award is to acknowledge the individual's direct contribution and exceptional accomplishments in technology use. Your contribution to Mainland High School was determined to be one of the top entries in the country by a distinguished panel of judges. This ranking is clearly a credit to you and your entire school. We are presenting you with a check for \$75 to be used at your discretion to enhance the quality of your educational program.

This is the sixth year the Alan Shepard Technology in Education Award has been presented and the quality of the competition has never been greater. I would like to take this opportunity to thank you for taking the time and making the effort to submit your application. Again, congratulations on being one of our semi-finalists. We hope you will consider entering again next year.

Sincerely,

Stephen Feldman
